International Certification

Indiana Sponsorship Opportunities

Landscape Industry Certified Exterior Technician Program

In partnership with:

INDIANA NURSERY AND LANDSCAPE ASSOCIATION

INDIANA NURSERY AND LANDSCAPE ASSOCIATION

Landscape Industry Certified—What Is It?

The International Landscape Industry Certified program is an important part of any landscape company. Landscape contractors, supervisors, crew leaders, foremen, and field technicians who are certified are recognized internationally as qualified professionals. This can mean better wages and enhanced profits as the public becomes more aware of the value of doing business with a LANDSCAPE INDUSTRY CERTIFIED professional.

This test was first developed by the California Landscape Contractors Association in 1983. In 1994, the Associated Landscape Contractors of America (ALCA), now known as PLANET, purchased the rights to the test and began to license state associations to administer the test in their home state.

The Test

This is a hands-on test based on international standards. It recognizes proficiency in a wide range of skills in landscape installation, maintenance and irrigation, plus related safety issues.

The Test Site

A new test site has been constructed and is maintained at the Central Nine Career Center in Greenwood, Indiana. It was developed in collaboration with industry professionals and the support of the Central Nine leadership.

In order to continue to grow this program, alterations and additions need to be made to the test site each year.

Become a Sponsor

Help further the education and professionalism in the green industry by becoming a LANDSCAPE INDUSTRY CERTIFIED Sponsor and enjoy these benefits...

- Your company's name will be seen by hundreds of landscape contractors on promotional signage at the test site.
- A commemorative plaque for your office. (Bronze Level and above)
- Listing at all LANDSCAPE INDUSTRY CERTIFIED displays and at the Indiana Green Expo.
- A listing in the INLA magazine.

INDIANA NURSERY AND LANDSCAPE ASSOCIATION
