

# INLA JOINT COMMITTEE MEETING

*Join us... and bring your good ideas!*

**Tuesday, March 1, 2022 • 2:00 – 4:00 pm**  
**at Automatic Supply** (116 Shadowlawn Dr, Fishers, IN 46038)

The Indiana Nursery and Landscape Association serves its members in the industry through education, promotion, and representation. The planning and implementation of most INLA activities are handled by volunteer groups. All groups are supported by INLA staff. INLA committees have ongoing, results-oriented tasks. The interaction between group members promotes effective planning and evaluation of tasks.

## YOU CAN HELP!

Sign up now! Review the following list of committees and check off those of interest to you. Return this form to the INLA office via email or mail and you will be registered to attend.

## VOLUNTEER SIGN-UP FORM

I am interested in giving some time to work in the following areas:

- Awards Committee:** Organize selection of annual awards.
- Communications Committee:** Newsletter, website, directory, etc.
- Education Committee:** Works to enhance educational opportunities for all members of the industry, ranging from those with extensive practical experience to new members of the industry and students preparing for green industry careers.
- IAH Committee:** This committee works closely with educational and vocational-technical levels and oversees the Indiana Accredited Horticulturist Program. This meeting will be held in northern Indiana at an alternate date.
- Legislative Committee:** Works in partnership with the Green Industry Alliance.
- Membership Committee:** Promotes the INLA by securing new members and assisting current members by providing member services.
- Summer Meeting:** Planning and organization of annual INLA Summer Meeting.
- Trade Show Committee:** Plans and conducts the premier trade show for the industry in Indiana annually.
- Landscape Industry Certified (CLT) Committee:** Work on this national certification committee to implement the hands-on field exam.
- FFA Committee:** Volunteer to judge state and national career development events. (This committee will not meet; however, you can volunteer to judge these industry-related events in April and October.)
